Alexandria, VA 22313-1450

Sir:

In accordance with the Office action dated May 20, 2004, enclosed herewith is a substitute application including Specification, Claims and Abstract for the above captioned application.

No new matter has been incorporated into the substitute specification.

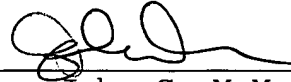

Please note that there are no markings showing changes on the substitute application. The reason for this is that it is believed that application is being submitted exactly as filed. In particular, the inventor had hand written several changes in the document that were initialed and dated prior to executing the application. These changes were in the original document as

filed and, therefore, there are no changes to indicate.

Please contact the undersigned if there are any questions.

Respectfully Submitted,
